Overview of All Rugby Schools (ARS) Elite Development Programme (EDP)

ARS EDP OBJECTIVE, VISION AND AIMS

MyF-M is desirous of becoming a strategic partner to the School and is interested in helping grow the game of rugby by exposing it to as many parents and children as possible and in the process increasing exposure to MyF-M's brand, products and services.

MyF-M is committed to improving the lifestyle and health of children and young people and developing their potential within the game. We see ARS EDP as an inclusive one; with the combination of contact rugby, touch rugby and tag/new image rugby allowing it to be played by males and females of all ages and abilities. Rugby is a sport that provides key physiological and psychological benefits, as well as developing social skills. MyF-M is determined that all players, no matter their race, religion or social status, should be given the opportunity to benefit from their involvement in rugby.

ARS EDP Aims

- A. Increase the number of adult (male and female) support resources (referees and coaches)
- B. Increase the number of young people (boys and girls) playing the game
- C. Develop stronger player and school ties (i.e. sustainable, with a range of teams at all age-groups and supported by well trained coaches)

ARS EDP Vision

An implementation group has developed a vision statement, to encapsulate the essence of the ARS EDP. This is:

"To develop and prepare highly skilled young players to play for the broader Game, supported by an effective, well trained workforce of coaches and other personnel, delivered within a strong partnership

We hope this provides an easy-to understand statement of intent for ARS and helps to inspire the dedication that will be needed from everyone involved to establish a lasting and meaningful structure for the long-term benefit of the game.

Whilst recognising that this process is player and parent centered, the vision is not achievable unless parent support and coaching delivery is all it needs to be. This must be acknowledged by all concerned.

ARS EDP SPONSORSHIP PACKAGE

The ARS EDP Sponsorship Package is run in several primary and secondary schools and is designed to work with and support schools which are committed to using rugby to enhance the whole school experience and positive behaviours of their pupils; improve their sport specific skills and generic physical competence; and contribute to the outcomes of a curriculum for excellence. MyF-M invests in this programme and provides each School of Rugby with resources to deliver.
